

## Our Commitment to You

The safety and well-being of our guest and our employees continue to be top priority and we recognize the role we play in implementing additional safety precautions during this critical time. We are actively monitoring the COVID-19 pandemic to ensure that we keep our communities safe. We are in close communication with public health officials and closely following recommendations from State and Government agencies on a minute to minute basis.

Until further notice, all locations except for Belton, Liberty, Wichita & Topeka will be limited to the public. We will be servicing our guest via Togo orders & catering services only. Please visit our website to view the menu and place orders with your nearest Jose Peppers or Cactus Grill.

Today, we are sharing with you some of the steps we are currently taking at the 4 locations that will continue providing dine-in service at this time.

### How we are protecting our employees and guest

- Host stands are equipped with Sanitizer stations for guest and employee use
- Menus are being disinfected with Clorox after each use
- All high traffic areas such as door handles, countertops & phones are being thoroughly wiped down every 15 minutes with Clorox wipes.
- Removal of all community property, such as condiments, sugar packets & mints to prevent the possibility of cross contamination. These items will be available only upon request
- Thoroughly disinfecting the restrooms every 15 minutes – doors, sinks, faucets, countertops from top to bottom.

In addition to the above listed items, we have also put restrictions on seating tables within 6 feet of each other. Providing distance between diners will help to prevent the spread of this infectious disease.

We are in continuous communication with our employees reminding them about the importance of good hygiene, providing them with constant health education and support throughout the day.

Employees who feel ill have been told to not report to work until they have been cleared by a physician.

### What we ask of you

- Upon arrival, please utilize our sanitation stations at the host stand.
- Take advantage of online ordering and let us bring the order out to your car for you! We are providing Car Side To-Go services at ALL locations.
- During this unprecedented time, we will be adjusting our store hours daily to allow our staff the time needed to complete necessary precautions to uphold our commitment to sanitation. Feel free to contact your nearest location for daily hours.

As always, thank you for being a valued guest and for your continued trust as we manage through this time together.
